**MESSAGE FROM THE PRESIDENT OF THE BOARD OF DIRECTORS**

Dear Sir or Madam,

As President of the Board of Directors of the École Française Internationale de Djeddah (EFID), I am pleased to present an opportunity to join our institution. Accredited by the French Ministry of National Education, affiliated with the Mission laïque française (Mlfmonde), and recognised by the Saudi Ministry of Education, EFID welcomes nearly 1,000 students, from Nursery (Petite Section) to Final Year (Terminale), in a stimulating, multilingual and internationally oriented educational environment.

We are seeking candidates who share our values of excellence, care, openness to the world and approachability, and who wish to join an inspiring and committed educational team. If this opportunity is of interest to you, we would be delighted to meet with you to discuss how you could contribute to our educational project.

**Emile Nahat**

*President of the EFID Board of Directors*

**ABOUT THE SCHOOL**

The École Française Internationale de Djeddah (EFID) offers a complete curriculum from Nursery (Petite Section) to Final Year (Terminale). Accredited by the French Ministry of National Education, affiliated with the Mission laïque française (Mlfmonde) and recognised by the Saudi Ministry of Education, it welcomes nearly 1,000 students in a multilingual, multicultural and internationally-focused environment.

## PURPOSE OF THE POSITION

As part of its development plan, EFID is strengthening its strategy for attracting and recruiting students. The Business Development and Communications Officer carries out two closely integrated and strategically important missions for the school:

- **Business development and student recruitment** — with a strong focus on the Toddler Class (TPS) and Nursery (PS), through an active strategy of outreach to nurseries, kindergartens and early childhood stakeholders in the Djeddah region.
- **Communications, marketing and outreach for the school** — to strengthen EFID's reputation, image and appeal among families, the media and institutional partners.

The post-holder reports directly to the Board of Directors and to School Management. They will be provided with a clear roadmap, quantified objectives (notably TPS/PS enrolments) and significant operational autonomy in the field.

## KEY RESPONSIBILITIES

### AXIS 1 — BUSINESS DEVELOPMENT AND STUDENT RECRUITMENT

#### Sales strategy and market intelligence

- Define, in collaboration with the Board of Directors, EFID's annual sales strategy and development plan (enrolment targets, priority segments, acquisition channels).
- Conduct ongoing competitive intelligence on other international schools in Djeddah (offerings, fees, positioning, communications).
- Map out recruitment catchment areas, residential neighbourhoods and target communities (French-speaking, English-speaking, Arabic-speaking, expatriate and Saudi families).
- Identify and qualify referral sources: nurseries, kindergartens, preparatory pre-schools, paediatricians, expatriate communities, businesses, consulates.

#### Field prospecting and TPS/PS recruitment

- Develop and implement a structured outreach plan to nurseries and kindergartens in Djeddah, with a measurable monthly visit target.
- Approach, schedule meetings with and visit nursery directors, families and local educational partners on site.
- Design, in collaboration with the Board of Directors, the Head of Primary and the kindergarten teaching team, trilingual presentation materials (brochures, videos, kits) in Arabic, English and French.
- Deliver presentations about EFID, in Arabic, English and, where applicable, French, to nurseries, families and at external events.

- Manage prospect follow-up: initial contact, reminders, organising school visits, providing personalised guidance through to enrolment.
- Achieve the annual student recruitment targets, particularly for TPS and PS, and contribute to overall enrolment growth.

### **Partnerships and institutional relations**

- Build and maintain a network of referral sources: businesses, chambers of commerce, expatriate communities, partner institutions.
- Maintain ongoing relationships with consular services (French Consulate) and local educational institutions.
- Identify strategic partnerships to strengthen EFID's visibility and appeal (businesses, foundations, media).

### **Sales management and reporting**

- Implement a tracking system for prospects, contacts and enrolments.
- Develop and monitor key performance indicators: number of outreach visits, conversion rate, enrolments generated by channel and grade level, acquisition cost.
- Produce monthly reports for the Board of Directors and the School Management (dashboard, key highlights, recommendations).
- Organise targeted recruitment events: dedicated TPS/PS open days, presentations in nurseries, discovery workshops, educational fairs.

## **AXIS 2 — COMMUNICATIONS, MARKETING AND OUTREACH**

### **Communications strategy and brand image**

- Develop and oversee, in collaboration with the Board of Directors and the School Management, the school's annual communications strategy and marketing plan.
- Ensure the consistency of EFID's visual identity and editorial guidelines across all materials.
- Build and bring to life the school's storytelling: values, educational project, testimonials, achievements.

### **Digital communications**

- Manage the school's website: regular updates, content optimisation, basic SEO.
- Manage and grow EFID's presence on social media (Instagram, Facebook, LinkedIn, X, TikTok) with a trilingual editorial calendar.
- Design and distribute newsletters for families, students, alumni and partners.
- Monitor the school's online reputation and manage online reviews.

### **Content and creative production**

- Write editorial content (in Arabic and English at minimum, in French where possible) for all platforms: web, social media, print and press.

- Provide photo and video coverage of school events and produce engaging multimedia materials.
- Design printed materials: brochures, back-to-school booklets, posters, signage.

### Events and media relations

- Organise and showcase EFID events: open days, ceremonies, school celebrations, educational fairs.
- Develop and maintain relationships with local and international media; write press releases.
- Identify and formalise media partnerships.

### Mlfmonde network and oversight

- Represent EFID as the communications lead at Mlfmonde network meetings and apply the network's brand guidelines.
- Monitor the marketing and communications budget within the framework set by the Board of Directors.
- Produce regular reports on actions taken and their impact, and provide strategic recommendations.
